THE HOSE CONTRACT.

The City Purchases the Boston Make.

On Saturday night there was a special meeting of the city Trustees to decide on the purchase of 500 feet of hose for the use of the Fire company.

Four parties were in the field.

The Boston Woven Hose Co., offered the hose at a dollar a foot, the Boston Fabric Co., at 90 cents, E. B. Rail offered the Paragon made by the Eureka Company at 90 cts. and George Meyers offered the Bowers hose made by a San Francisco Company at 90 cts.

The Board after a long discussion cleared the room and went into executive session. As a result the Boston Woven & Rubber Hose Co., secured the contract at \$1 00 a foot.

They were represented by E. E. Buckleton.

He agreed to let the city use the hose four months before accepting it.

There was considerable comment after the award, for the fact that two home merchants were ignored for the Boston Company. It was held by some that there is a law passed by the last Legislature prohibiting the city authorities from purchasing supplies abroad. This is an error. The law only applies to State and county supplies.

The hose accepted was the Boston Jacket standing a pressure of 450 pounds to the square inch and price \$1 per foot. The Eureka Fire Hose Company offered their hose at 90 cents per foot guaranteed pressure 800 pounds to the square inch, and the by Paragon the same company with 400 pounds pressure at 80 cents.

Death Dealing Forest Fires.

St. Paul, Sept. 3.—Reports from Minnesota, Michigan and Wisconsin, where forest fires are raging, show that the loss of property at the lowest estimate, will reach \$2,000,000. This does not include standing timber. The loss of life is even more appalling, estimated that at least 1000 people have perished.

A summary of the disasters is as follows: Six towns wiped out and more than 500 dead, is the record made by the forest fires in Minnesota during the last 24 hours. In Hinckley, Sandstone, Pokokama, Sandstone Junction, Skunk Lake and Mission Creek there are 355 known to be dead. In addition several hundred are missing, while from 150 to 200 people are scattered on farms throughout the district burned over. The Times estimates that at least half a thousand persons are dead, as follows: Hinckley, 250; Sandstone, 40; Sandstone Junction, 25; Pokokama, 25; Skunk Lake, 29; Pine-town, 12; Mission Creek, 9; Part-ridge, 8; Kettle River Junction, 6; Carlton, 3; Rutledge, 2; miscellaneous, 80.

The Flag of Victory Here.

When the 4 o'clock train reached here last evening from Reno about 70 delegates marched along the street headed by the Eureka County Silver Banner. They were received with cheers. All the Eastern counties want that banner after election.

Beginning with today the owners of the Kennedy stage lines have raised the fare for the single trip from \$2 50 to \$5. This is very reasonable for a 65-mile trip, being very little more than the railroad company charges for carrying passengers the same distance in this state. Both lines are doing a big business, and on the last trip to Kennedy the stages carried every passenger that room could be made for.—Silver State.

All expenses, rent of the Opera House, decorations and music will be paid by the silver men of Carson. Winnemucca, did not tax the silver delegates for Hall rent, neither did Reno, and Carson proposes to keep up with the procession.

Miss Francis Wasson will teach in Lincoln district on the East Fork of the Carson. Miss Hattie Cushing in East Fork District. and Miss Ellen Virgin in Central District. Their labors began yesterday.

Taking no Hand.

Charley Wallace is in the city but up to the present writing he has taken no hand whatever in political squabbles. He declines to take part in any of the fights, and has no candidate for any office.

"All I want is a good ticket, one the party can rally to. I have no suggestions to make on any candidate and have neither enemies nor favorites in this Convention. The delegates are representative men and they need no advice from me or any body."

We know now why Japan declared war on China. Minnie Hauk sang eight pieces in a concert some weeks ago in Yokohama, and among the rest was "Home, Sweet Home." That is what made the war. If she had only added "The Last Rose of Summer" Japan would have declared war against the world.—Salt Lake Tribune.

The Last issue of the "People's Press" prints a life-like picture of the next Mayor of San Francisco—Adolph Sutro, nominee of the People's party. See it at Cagwin & Notewares. *
